

REMARKS/ARGUMENTS

As set out in 37 U.S.C. (a)(3)(c), “Amendments of a claim must be made by rewriting the entire claim with all changes (e.g., additions and deletions) as indicated in this subsection, except when the claim is being canceled. Each amendment document that includes a change to an existing claim, cancellation of an existing claim or addition of a new claim, must include a complete listing of all claims ever presented, including the text of all pending and withdrawn claims, in the application.” It is understood that the present amendment to cure a non-compliant amendment does not require a complete listing of all claims ever presented because there is no actual changes made to the claims, but only the status of claim 87. As pointed out in the Notice, claim 87 in the previous amendment is labeled as “(Currently amended)” instead as “(Previously presented)”. The status of claim 87 is changed herein to “(Previously presented)” to correct the error to the status of claim 87. This mistake was made by error and without deceptive intent.

It is respectfully submitted that the application is now in condition for allowance, which allowance is respectfully requested.

RESPECTFULLY SUBMITTED
